

PULSATION DAMPER 2" POLYPROPYLENE-PTFE

Part No
APD20B-FPS-Z

TECHNICAL DATA

PULSATION DAMPER 2" POLYPROPYLENE-PTFE

SAMOA diaphragm pump - compressed air driven for stationary or portable use. Can run dry without damage and requires no electrical connection. Depending on the material selected, handles both clean, dirty, corrosive and abrasive liquids. Automatic start/s

TECHNICAL DATA	
Part No	APD20B-FPS-Z
Air connection	1/2" (F) NPT
Maximum pressure	0,8 (8) MPa (bar)
Maximum temperature	70 (PE), 120 (PTFE) °C
Material diaphragm	PTFE / Teflon®
Material	Polypropylene
Connection	2" Flange DIN/ANSI
Weight (Gross)	4,3 kg
H.S. Code	84139100
