

PRODUCT SELECTION QUESTIONNAIRE

Kindly answer as many questions as possible in order for us to suggest the most efficient solution, technically and economically.

Fluid information:		
Fluid:		
Temperature min/max [°C]:		
Viscosity (if applicable) [cP]:		
Density (if applicable) [kg/dm ³]:		
Solids in fluid: Yes / No	Yes	No
Special requisites, eg. ATEX:		

Operation requirements – Pump Application	
Capacity [l/min, l/h, m ³ /h]:	
Back pressure, min/max [bar]:	
Suction head [m]:	
Power source, elec (1-ph, 3-ph) / comp. air:	

Operation requirements – Flow Meter Application	
Flow [l/min, l/h, m ³ /h]:	
Accuracy requirement, better than ± %:	
Display, digital or mechanical:	
Output signal, 4-20 mA or other:	

Operation requirements – Hose Application	
Hose type, eg rubber, composite:	
Dimension [mm]:	
Pressure [bar]:	
Length [m]:	
Coupler types:	
Coupler material:	

Other information
